Voice Mail/Virtual Receptionist

Voice Mail is our best value. If you are concerned about cost, but need your lines answered in a professional manner voice mail is an excellent choice. The quality is excellent and more professional than an answering machine.

How will my calls ring to *A Superior*?

There are several options available through your phone provider – Call Forwarding, No Answer/ Busy transfer or local or toll free number.

Call Forwarding – you will pick up your line, enter a code, and dial your private answering service number (assigned by us upon setup). You control when your lines are answered by *A Superior*.

No Answer/ Call Forward Busy – your phone provider will automatically transfer your lines to your private answering service number after a certain number of rings (decided by you) or if the lines are busy. Service is also referred to as “overflow” answering.

Direct/Toll Free – a number that rings directly to your private answering service number 24 hours a day. Many telephone providers offer local numbers that you can have forwarded to us. *A Superior* provides toll free numbers upon request.

What happens when *A Superior* receives my calls?

Our voice mail will answer all calls and present the caller with a greeting that would give your specific information and let the caller leave a message. A multi-level option is available for callers to press keys to reach additional mailboxes. You could have different boxes and greetings for each employee or department of your business. The greeting callers hear can be recorded by our professionals or by you for a more personal touch.
